

PARENT / GUARDIAN VOLUNTEER FORM

*Attention Marching Band Parents/ Guardians!
The Band and AMPS needs your help!*

The ACHS Band program would not be where it is today without the selfless dedication of many band parents. There is a great need for many parent volunteers to get involved in the musical education of their students. Your student may not admit it, but he or she will truly appreciate your involvement. We all know how hard our students work to be such a great band. We also know what a great impact the band program has had in so many of their lives. Help us continue in these efforts by volunteering.
